

OpenNTF Confluence

Welcome

Confluence is where teams collaborate and share knowledge — create, share and discuss your files, ideas, minutes, specs, mockups, diagrams, and projects.

To share content you will need to log on with your OpenNTF credentials. If you have not yet registered to OpenNTF, you can do so on the [OpenNTF registration page](#).

Be sure to join OpenNTF on Slack by clicking on the icon below. Lookout for the Slack "**xpages-knowledge-base**" channel if you are interested in contributing.
